- ✔ Listen and respond to children and young people's opinions and ideas when making any decision which impacts on their lives
- ✔ Celebrate difference and diversity
- ✔ Work with families, professionals and practitioners across our community to help all children and young people to thrive
- ✔ Ensure that everyone is comfortable to be open and honest about what support they need to help children and young people in their care
- ✔ Support children and young people to prepare for their adulthood from the early years and throughout their childhood and adolescence, so they can shape their future in the way they want.

The Charter has been developed by children and young people, headteachers, teachers, parents and carers, council officers, health partners and voluntary sector organisations.
